

RCW 18.73.250 Epinephrine--Availability--Administration

- (1) All of the state's ambulance and aid services shall make epinephrine available to their emergency medical technicians in their emergency care supplies. The emergency medical technician may administer epinephrine to a patient of any age upon the presentation of evidence of a prescription for epinephrine or to a patient under eighteen years of age:
 - (a) Upon the request of the patient or his or her parent or guardian; or
 - (b) Upon the request of a person who presents written authorization from the patient or his or her parent or guardian making such a request.
- (2) Any emergency medical technician, emergency medical service, or medical program director acting in good faith and in compliance with the provisions of this section shall not be liable for any civil damages arising out of the furnishing or administration of epinephrine.
- (3) Nothing in this section authorizes the administration of epinephrine by a first responder. [2001]
